

**SLIPS,  
TRIPS,  
& FALLS**

**Slips, Trips, and Falls International Conference 2017**

*June 15 - 16, 2017 | MaRS Centre, 101 College Street, Toronto*

## SAVE THE DATE

Hosted by iDAPT, Toronto Rehabilitation Institute-UHN, this 2-day international conference will highlight the latest in slips, trips and falls research and products. Presentations, workshops and panel discussions will include topics such as slip resistance evaluation, flooring and material development, and the design of stairs, handrails, ramps, bathtubs, sidewalks, and other environmental features.

### **STF2017 is of interest to:**

- Risk and safety managers
- Architects and designers
- Planners and facilities managers
- Ergonomists and forensics experts
- Footwear or flooring manufacturers
- Policy makers
- Researchers
- ASTM, CSA, ANSI or other standards committee members
- Other safety and healthcare professionals
